

COMMUNITY DAY

PHILIPPINES CONFERENCE

July 29-30, 2023

BGC, Taguig

WHO WE ARE?

AWS User Group Philippines (AWSUG.PH) is a Philippine based community united by its members passion for Amazon Web Services and its related tools and technologies including cloud computing, design implementation and servicing, high scalability, performance computing, production use cases, blockchain, Artificial intelligence and so much more. This is a space where software developers, architects and engineers, IT team leaders and practitioners, cloud specialist and consultants, entrepreneurs as well as student learn peer-to-peer and network to gain opportunity and knowledge with AWS latest tools and technologies. The AWSUG.PH community is the most active and one of the largest in the Asia Pacific. Philippines has been awarded AWSUG Group in Asia Pacific 2022.

ABOUT OUR EVENT

The AWSUG PH is celebrating its 10th year of fruitful community building. To commemorate this, we are hosting the very first AWS Community Day Philippines Conference 2023. We are gathering our community to get the latest in innovation, technology and solutions in the cloud space. It will be a 2-day event with a road tour in Visayas and Mindanao.

What to expect from an AWS Community Day Philippines Conference

- Discover and share how AWS changes lives.
- Know more about industry trends, nuances, and innovations.
- Connect with 200+ AWS users, DevOps, developers, and solutions architects.
- Network with fellow AWS enthusiasts.
- Renew your excitement about the important work that you do.
- Gain more visibility and publicity for your organization.
- Learn and bring valuable information for your business growth.
- Win AWS goodies!
